Provide a dual-outlet shower option with diverters.

You can have two items installed but only use one at a time – allowing you to customize your shower.

Showering Components Product Name	Product Number	Description	CALGreen/GWA/ NYC-Compliant
2-Way Diverter	K-9530	Provides diversion between two outlets	•
DTV Prompt Digital Shower Interface and Thermostatic Valve	K-527-E/K-528-K	Eco-mode diverter with touch-button operation toggles between water outlets, running only one outlet at a time	•
MasterShower Diverter Valve	K-737-K	Configurable on-site as a 2- or 3-way diverter valve without a shared position	•
MasterShower Showerarm with Diverter	K-9511	Diverts between a handshower or showerhead without shared functionality	•
Rite-Temp Pressure-Balancing Valve with Diverter	K-11748-K	Option to include either a showerhead/bath spout or showerhead/handshower combination without shared functionality	•

*Compared to a 2.5 gpm handshower or showerhead.
